Technical Skills

- Java, Python, C
- JavaScript, HTML, CSS,
- SQL, Excel, R, Git
- IntelliJ IDEA, VS Code, Android Studio
- Figma, Canva
- Spring Boot, Machine Learning, React

Soft Skills

- Strong Communication
- Project Management
- Public Speaking
- Time Management
- Team Collaboration

Language Proficiency

- English – Professional
- Tamil – Intermediate
- Sinhala – Intermediate

Education

BSC (HONS) IN IT - Specializing in Software Engineering (R)

Sri Lanka Institute of Information Technology

2024 - Present

Completed G.C.E (A/L) in Physical Science Stream including ICT

Ilma International Girls' School

2021 - 2023

Projects

HOSTEL MANAGEMENT MOBILE APPLICATION (In Progress)

Client: Sithuliya Girls' Hostel

MERN Stack, React Native (Expo)

- Developed a React Native and Node.js mobile app to automate student onboarding, room allocation, and financial tracking.
- Designed a MongoDB-backed system to replace manual records with a centralized, data-driven management platform.

MEDICINE ORDERING SYSTEM

Java, Spring Boot, HTML/CSS, JS, MS SQL

- Developed a secure end-to-end pharmaceutical platform featuring prescription uploads, real-time inventory tracking, and integrated payment management.
- Designed and developed a multi-role system using Java Spring Boot and MSSQL to streamline pharmacy operations and reduce order processing delays.

KINDCENTS - VERIFIED DONATION WEB PLATFORM

React.js, Firebase, React (v19)

- Developed a high-performance web application to facilitate transparent, monetary donations for verified nonprofit campaigns.
- Developed a custom KindBot assistant and Firestore backend to manage role-based access for donors, NGOs, and administrators.

AI CAR PRICE PREDICTION SYSTEM

Python, XGBoost, Scikit-learn, Pandas

- Developed a high-precision XGBoost model achieving a 0.9903 R^2 score for accurate resale price forecasting.
- Designed and deployed an interactive Python-based dashboard providing real-time, data-driven vehicle valuations.

Certifications

Network Technician Career Path – Cisco Networking Academy (2026)

Awards and Achievements

- Finalist in the Mini Hackathon organized by the MS Club & FCSC of SLIIT (2024)
- Semi-finalist in Dev{thon} 3.0 organized by the University of Moratuwa (2026)
- Academic Excellence in 1st Year, 2nd Semester – Dean's List (2025)
